

April 9-12, 2014 | Washington D.C.

Mark your calendars for this **MONUMENTAL** event.

Both youth and adults will come out of the experience with the tools, resources, ideas, and inspiration to change the world.

This one-of-a-kind learning environment is an extension of the classroom, allowing youth and adults to come together to be part of something bigger.

“Youth are given the opportunity to create something so spectacular that it changes how adults perceive all young people – as solutions to real problems.”

— Shira Woolf-Cohen, Vice Principal, New Foundations Charter School

MONUMENTAL reasons to attend

1. Discover new ways to engage students and increase achievement.
2. Expand your leadership knowledge base.
3. Learn from thought-provoking keynote addresses from internationally recognized leaders in education, service-learning professionals, and young people themselves.
4. Explore ways to make excellent teaching a reality in every classroom.
5. Leave with tools and resources you need to make monumental changes in your community.

“This conference provides an opportunity to explore, in depth, both specific technical needs and big picture connections needed to create a healthy, integrated and sustainable vision for district-wide service-learning instruction. The increasingly evident turn towards the instructional and academic benefits of service-learning, in addition to student engagement benefits, is a most welcome development and very evident at this conference.”

— Greg Herder, Service-Learning Coordinator and Coach, Mounds View Public Schools
