

COMMON CORE CURRICULUM PROJECT. QUIZZES LINKED TO CCSS STANDARDS

Here are seven of our stories rewritten for grades 6 through 9. They each have quizzes developed by The Common Core Project headed by Dr. Kristine L. Still of the Cleveland State University Graduate School of Education. Each quiz question is linked to a specific Common Core Standard. These stories and quizzes are downloadable PDF's ready for use. We invite your feedback and that of any students and parents. There is a curriculum guide as well, if you wish to use it. The texts cover entrepreneurship, volunteerism, fashion and young people in history.

TEEN MAKES RADIO STATION FROM TRASH... MIT LOVES HIM
